

Republican County Ticket.

For County Treasurer, WILLIAM SMEARBAUGH. For County Surveyor, HENRY C. WHITTEKIN. For Coroner, Dr. J. W. MORROW.

THE reduction in the public debt during the month of June was \$18,000,320, and for the fiscal year ending June 30th, \$137,823,253.24.

"UNCLE JAKE" ZIEGLER seems to have caught the idea when he says that Democratic reform is principally directed against preachers and scrub women. The Butler statesmen is liable to be read out by his party.

THE democratic papers are all engaged in praising Governor Pattison's vetoes. Now, if Governor Pattison's vetoes are all good the work done by the democratic statesmen is nearly all wrong. Where is the democratic paper with decency enough to come out and defend the democratic statesmen?

THE British government has resolved to "assist" no more Irish paupers to come to this country. In view of the fact that the paupers are being sent back this action was judicious. There is neither fun nor profit in giving paupers a free ride across the Atlantic and back again.—Albion Tribune.

THE Republican State Convention meets in Harrisburg to-day for the purpose of nominating candidates for Auditor General and State Treasurer. Hon. N. P. Wheeler is the delegate from this county, which is a guarantee that the Republicans of Forest will be represented with scrupulous care and ability. What the ticket will be no one seems willing to hazard a guess, but that it will be one of purity may be set down as an assurance; furthermore it will receive the hearty support of all the Republicans and be triumphantly elected.

AMONG the changes made in the internal revenue collection districts Mercer county and Mercer county's collector are included. The order is to take effect July 1st or as soon as practicable thereafter. The number of districts is reduced from 126 to 82 a reduction of 44. The present twentieth district of Penna. comprises the counties of Clarion, Forest, Crawford Mercer, Venango, and Lawrence and has the Hon. James C. Brown, of Greenville, as a shepherd. They are now consolidated with the nineteenth district comprising the counties of Cameron, Erie, Elk, McKean and Warren, and Jacob F. Wather, of Erie, designated collector.

CONSIDERING the amount of blowing done by the Democrats in the State Congress on civil service reform, Cincinnati Enquirer the organ of Democracy of Ohio indicates a... The views of the recent convention must have had to do with this sudden... defiantly heralds the fact... vil service sham got a black... platform adopted by the... convention on Thursday... and... other one from Darbin Ward. Both... its optics are now in mourning. As a Democratic move civil service reform has proven a boomerang instead of a boom. It has already laid low the political fortunes of Thurman and Pendleton. The results only serve to demonstrate the sham of Democratic professions of reform.

THE Harrisburg Telegraph says of says of the Republican Convention which will meet in that city to-day; "It will be seen by an examination of the list of delegates to the State Convention but few of the counties have instructed for any candidates. The following are the only instances in which this has been done, and proves the general purpose to consult the people at large in the selection, by leaving the delegates free to act upon their best judgment and information when assembled. Of course this adds to the responsibility of the delegates, but the recognized high order of men the list exhibits gives assurance that the responsibility will be wisely and faithfully borne. For State Treasurer Allegheny presents the present cashier

of the State Treasury, Mr. Livsey. Mr. Hullings will be supported by Armstrong, Mercer, Clearfield, Pike and Venango. F. C. Bunnell by Bradford and Sullivan. Col. Ege by Cameron, Erie and McKean. John Bell, of Indiana, by Jefferson, Charles H. Smiley by Juniata and Perry. M'Hose, part and possible a complimentary vote of the whole of Berks and Lehigh. And for Auditor General, Col. Grimeson will be supported by Armstrong, Bedford, Franklin and Huntingdon. Captain John T. Potts, by Chester and Montgomery, and Mr. Jerome B. Niles, of Tioga Dauphin, two delegates, Pike and Sullivan. Thus it will be seen that while twenty-two counties have given instructions, forty-five come to the convention unpledged.

THERE is evidence that the Governor's veto business is running out of stock. The Philadelphia Ledger always conservative in the expression of an opinion does not stake much on the disapproval of the Fireman's pension bill, for divers excellent reasons. It says that which finds constitutional prohibition against a grant of power to cities to pension disabled fireman is very finely drawn—so fine, in fact that there would probably be nothing left of the objection after it was argued before the Supreme Court. The Governor has other objections to the bill, but they are not serious. He thinks it "a bitter potion mixed with the charitable cup" to require the publication of the names of pensioners. But the list is practically a roll of honor. Instead of giving them an earned right to an annuity, he thinks it better to make them actual paupers by leaving them to "charitable impulses" of public spirited citizens. It is an easy matter to turn a pension system into an abuse; but properly administered, it is the fairest and best way of rewarding the public servant.

THE New York Sun "shines for all" but at times its rays are baleful, and often they're about as illuminative as a candle in a hollow pumpkin. The great Democratic luminary throws a false and flickering light when it represents ex-Secretary Blaine as poking fun at President Arthur's administration and saying that "only accident can prevent Democratic success in 1884." This statement is made by the Sun on the authority of a reporter, who entirely misrepresents or misunderstands Mr. Blaine's sentiments and utterances. The Portland (Me.) Press, speaking by authority, says that while Mr. Blaine did not agree with President Arthur's views in relation to South American matters, he is on very friendly terms with the President and speaks of him with high regard. It may also be said that Mr. Blaine believes that in 1884 the great issue will be the tariff question; that the people of the country favor the protective policy, and will therefore keep the Republican party in power. Mr. Blaine was always a clear judge of issues and a reliable prophet of results. He has by no means dropped out of politics. It is probable that he will be heard in the pending Ohio campaign, and his voice is certain to be heard in the next Presidential campaign in behalf of the Republican ticket. He is confident of its success, and whoever says to the contrary does not understand his sentiments and purposes.

ENGLISH free traders, furnishing in their own conduct proof of the truth of the time-honored axiom, "The wish is father to the thought," frequently lay the flattering unction to their souls that free-trade ideas are making rapid progress in America. But they are as frequently awakened from their dreams of conquest in the new world by sudden contact with some hard, stern fact which shatters the airy fabric of their dreams and shows them how utterly they are mistaken. At such times the plights they utter are thoroughly English in their selfishness and unreasonableness. At a meeting of the Cobden club in London on Saturday night last, the members gave free vent to their feelings regarding America's obtuseness and stupidity in refusing to throw herself into the arms of the British free traders and permit them to work their own sweet will with her now prosperous industries. And as a consequence they made themselves ridiculous, a fact, however, of which they are doubtless oblivious. If these English free traders would cease their efforts to induce the people of the United States

to commit industrial suicide, and would direct their energies to the improvement of the condition of the laboring classes of their own country they would at least have the satisfaction of knowing that they were engaged in a good cause, even if they accomplished as little as they have thus far in their tirades against the industrial and commercial policy of the United States. However, if these Cobden club people are unable to dismount from their hobby let them ride it to death. It amuses them and has thus far done us little injury.—Harrisburg Telegraph.

A Dangerous Counterfeit.

There are dangerous counterfeits in circulation purporting to be "Walnut Leaf Hair Restorer." The strongest evidence of its great value is the fact that parties knowing its great efficacy try to imitate it. Each bottle of the genuine has a fac simile of a walnut leaf—blown in the glass; and a Green Leaf on the outside wrapper. The "Restorer" is as harmless as water, while it possesses all the properties necessary to restore life vigor, growth and color to the hair. Purchase only from responsible parties. Ask your druggist for it. Each bottle warranted. JOHNSTON, HOLLOWAY & CO., Philadelphia, and HALL & RUCKEL, New York, wholesale agents.

How a Women's Life Was Saved.

After she had tested the skill of all the best doctors in Western Pennsylvania and New York, and had paid over \$1,000 without any permanent good, the limbs became affected with even tenfold greater virulence, not only eating away the flesh, but attacking the bones beneath. It also affected her head and face, making her almost blind and deaf, reduced to a mere skeleton, weighing but 80 pounds, the doctors pronounced her at death's door. Peruna was then given her, as stated, and with the result given on page 24 in Dr. Hartman's "Mills of Life." She took no other medicine and is perfectly well.

Superior Excellence.

The reasons for Peruna's superior excellence in all diseases, and its modus operandi, are fully explained in Dr. Hartman's lecture reported in his book on the "Mills of Life," and How to Cure Them" from page 1 to page 10, through the whole book should be read and studied to get the whole value of this par-excellent remedy. These books can be had at all the drug stores gratis.

Peruna is the best immediate Expellent (Cough Medicine), that has yet been compounded by physician or druggist. There is nothing in medical print that can at all compare with it. And no less so is it the very best Tonic, Stimulant, Nervine, Diuretic, Alterative, Anti-Dyspeptic, Appetizer, Hematic, Blood medicine, &c., &c., that has ever been compounded by doctor or layman. It should therefore, always be kept on hand for immediate use.
